III. HEALTH

Breeder warrants the health of each pup sold, including genetic heart disease, and hip and elbow dysplasia, until the pup attains age 2. Buyer has the option of having the pup examined by a veterinarian of their choice and at their expense within three (3) calendar days of taking possession of said pup. If Buyer's veterinarian determines that the pup has a serious debilitating health issue, then Buyer can return the pup to Breeder for either a full refund or a replacement pup from the next available litter, provided that Breeder receives written proof of said health issue by Buyer's veterinarian and that said condition is verified by Breeder's veterinarian. If the pup is diagnosed with genetic heart disease or hip and/or elbow dysplasia within two years of age by Buyer's veterinarian, then Buyer can return the pup to Breeder for a replacement pup of equal value from the next available litter, provided that Breeder receives written proof of said condition by Buyer's veterinarian and that said condition is verified by Breeder's veterinarian. In the event that the pup dies prior to its' second birthday, then an autopsy must be performed at Buyer's expense and must show that the cause of death was directly related to genetic heart disease. Written proof of same must be provided to Breeder, otherwise Buyer will not be entitled to a replacement pup.

If the pup is sold pursuant to a spay/neuter agreement, the Buyer agrees to spay or neuter the pup by a qualified licensed veterinarian no later than nine (9) months of age. Upon receiving written proof of the pup's spay or neuter, Breeder will forward the pup's AKC papers. Pups are to be registered by Buyer only with either the American Kennel Club or the Canadian Kennel Club.

Breeder does not guarantee that the pup will become AKC pointed or an AKC Champion. Breeder does not guarantee conformation of the pup as it matures into adulthood. As such, NO refunds or replacement pups will be given for show pups, except as provided above.

Temperment of the pup is not guaranteed. The pups are well socialized, handled and provided for between birth and the time/date of placement. Temperment is tested at seven (7) weeks; however, is not guaranteed after placement.

Buyer agrees that upon taking possession of the pup a food maintenance plan of 23% protein or less will be followed on a daily basis until the pup attains the age of one year old. Buyer further agrees that he/she will provide no supplements to the pup during this first year, including but not limited to vitamins, calcium, iron and table scraps. Buyer also agrees that he/she will not give the pup rawhide during the pup's first year.

IV. RESALE OF PUPPY

Pups cannot be resold under any circumstances. If for any reason Buyer cannot keep or no longer wants to keep the pup, than Buyer must notify Breeder immediately. The pup

must either be returned to Breeder or, with the consent of Breeder, be placed at another home, pursuant to the terms and conditions of this contract. Co-ownerships will exist for the life of the pup.
